## THE TRIBUNE.

Enlargement of The Daily Tribune. We joyfully announce to our Patrons and Readers, but more especially to our long suffering Advertisers, that The Daily Tribune will be EN-LARGED fully one-fourth at the earliest possible

moment-that is, on the 8th of April next, or at the close of the present Volume. We have delayed this step as long as possible, but the pressure of Advertisements upon our columns leaves us no alternative, and we only delay so long to finish our present stock of paper and prevent breaking in upon a volume. Meantime we shall publish a Double Sheet each week, to give Room for Literary Readings, crowded-out articles, Legal Advertisements, &c. We hope thus to be able to treat our Advertisers fairly for the present, and faithfully after three short weeks. We trust they will continue their generous patronage.

Our new Power Press for our Daily Paper prints some 5000 sheets per hour, enabling us to get in all the news by the midnight Southern Mail, and yet print our whole edition by 6 A. M. THE NEW-YORK TRIBUNE

Is published every morning (Sundays except. ed) at The Tribune Buildings, 160 Nassaustreet, on a large sheet, and furnished by Mail at the low price of FIVE DOLLARS per annum, payable inflexibly in advance. Although afforded at one-half the price of the Ten Dollar Dailies, its range of topics is as wide, and its amount of reading matter not less than the average of theirs.

To Merchants, Millers and business men genrally, the Daily Reports of the transactions in Produce, Flour, Provisions, Metals, Goods, Stocks, &c. &c. are of the greatest importance.

We shall be able to print fully one fourth more News Matter than hitherto and allow an equal ncrease of space to Advertisements. Those who think The Tribune worthy of support will deepen our many obligations by an effort to increase our Subscription list.

An Evening Edition is published every afternoon in time for the Mails, which contains he News received by the morning Mails and a summ ry of the Markets and Stock Sales up to 2 o'clock P. M.

Postmasters are authorised to remit moneys to Publishers free of Postage. Subscriptions for six months will be received at the same rate,

#### GERMAN NEWSPAPER. 'Alte und Neue Welt.' (Old and New World.)

A large and handsome Weekly Whig paper in the German language, is published at The Tribune office every Saturday morning. It is as large a German paper as there is in the country, ably edited, and warmly advocating a Pro-TECTIVE TARIFF and the election of HENRY CLAY. Many of the Editorials of The Tribune will be translated for its columns. We trust it will be an able auxiliary to the Good Cause.

We appeal to all German Whigs, and those who can in any way aid the circulation of this paper, to do so from the start. We are willing to publish it for the Good of the Cause, and have no hope of making a farthing by it: Will not our FANCY GOODS AND COMB WAREHOUSE. friends see that, beyond our own time and labor, we lose nothing? NORTH YARMOUTH, Maine, March 4, 1844.

I have been more or less severely afflicted with a disease of the lungs for EIGHT YEARS, During that time I have been attended by eminent Physicians, and have also made use of a number of kinds of the most highly recommended medicines in the country—all of which gave me but partial relief. Last May I was seized with a violent cough and pain in the left side and bleeding of the lungs. A skillful Physician was called who said it was of no use to take much medicine. As the weather grew warmer my health improved a little, but still I was very week. In November I was again attacked with a racking cough and raising of blood. I was running down very last and had but little hopes of ever recovering my health again. About the first of December, finding no relief from medical advice, I began to take Dr. Wistar's Balsam of Wild Chefry, and can cheerfully testify that I have derived more benefit from a single bottle than from all other medicines I have ever taken. I have now used two bottles and an in better health than I have espoyed before for SEVEN YEARS.

Mary Johnson is my daughter, and I am well acquainted with the facts narrated above. The statement is correct in all respects, and I feel sure that it was owing to the use of Dr. Wistar's Balsam of Wild Cherry, that she recovered her health.

SANDS'S SARSAPARILLA FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IM-PURE STATE OF THE BLOOD, OR

HABIT OF THE SYSTEM. The removal of suffering has been the object of the philanthropist in every age of the world, but the true principles of treating disease progressed but slowly for many thonsand years, owing to the limited means of acquiring know. ledge, but since the introduction of the printing press and steam engine it may literally be said, "Light has dawned upon the world," and the man of the nineteenth century possysses advantages which his father never did. In this general diffusion of knowledge, remedies have been sought after and discovered in the beautiful storehouse of the vegetable crestion exactly calculated to combine, neutralize and dispel the subtle poison which diffuses itself throughout the reneral syptem and prostrates man in the dust. SANDS's SARSAFARILLA. a purely vegetable preparation, has been thoroughly tested in a variety of diseases, and is, from experience, known to b a safe and effectual cure for Scrofula or Enlargement of the Glands, Leprosy, Salt Rheum, Scald Head, Eczema, Rhegmatism, Palpitation of the Heart, and other diseases originating in an impure or deprayed state of the blood or derargement of the digestive organs. The proprietors are daily receiving written testimonials, giving interesting details of its extraordinary virtues. Original manuscrip's of various Certificates. Letters of the Clergy, Magistrates and private citiz-ns, all confirming the previous statements, are constantly received, and will be cheerfully exhibited on application -Facts are recorded sufficiently clear and convincing to satisfy the most incredulous of the real merits of this invaluable med-

The following are extracts from letters recently received. and specimens of those coming to hand daily:

Gallatin, Tenn., Feb. 27th, 1814.

Messrs. A. B. & D. Sands:
Gentlemen—I have just received a letter from my father in in Russel lyille, Ky., who wishes to purchase some of your Sarsaparilla. I have no doubt he can be the mems of selling a great deal, as it has performed a wonderful cine in his family. Last December I was sent for to see my sister before she died, she having been in poor health for some two or three years, and at the time I went over to see her she was at the point of death with the scarlet fever and a cancerons affection of the bowels, from which her physician thought she could not possibly recover. I carried over with me a bottle of your Sarsaparilla, and with the consent of her physician she commenced taking it that night. I remained with her three days, and left her rapidly improving. Her husband sent a boy home with me for more of the Sarsaparilla. I sent one dozen bottles which I believe will effect an entire cure. My father writes me to that effect, and wishes through me to precure an writes me to that effect, and wishes through me to procure an agency for selling your valuable medicine in that neighborhood.

Respectfully, J. M. OWENS.

New London, Feb. 13th, 1844.

Mesars. Sands—It is with heartfelt gratitude to God, and many thanks to you for your valuable. Medicine, which has been the means of restoring me to health, and enables me to give you an account of my sickness from my own hinds. My disease at first seemed light, and I did not think it necessary to call a physician, but it soon grew worse, and a thysician was called who attended me five months for the liver complaint. Two large brunches, then made, their appearance. was called who attended me five months for the liver com-plaint. Two large bunches then made their appearance on both sides of my neck. The Doctor said I had the Scrofula and Consumption, and he could do nothing more for me. I then took ten bottles of Baisam of Liverwort, which helped my cough at first, but this failed and I grew worse. Lan summer I was so weak, and the pain in my side so great that the thought of moving a chair was a burden to me. In this condition, given up by my friends, and looking for relief my-self, only in death, I heard of your Sarsaparilla and the won-derful cures it had performed, and resolved at once to make a trial of its virtues. When I had taken only one bottle, the pain in my side was much relieved, and my strength so much pain in my side was much relieved, and my strength so much increased that I went out unbeknown to my friesds and walked a mile without much fatigue. I am still using the Sarsaparilia with increasing good effect and the Scrofula is fast dis-

partia with increasing good effect and the Scrolula is last disappearing.

Yours, with great respect,
ESTHER D. RICH.
